

Shift Dyer

About the Role

This is an exciting opportunity for an experienced Shift Dyer to join our established team at our Elgin headquarters based in the North East of Scotland. The role will include providing technical knowledge and support to the Dyehouse and ensuring the highest quality standards are attained for every product. The role will also entail overseeing the Dyehouse team to ensure high productivity and completing production targets. You will be expected to help with departments goals and improvement projects alongside collaborating closely with other departments including the Design team for colour development. A weekly rotational three shift system is in place.

About You

You will have

- A textile related qualification or relevant experience demonstrating strong technical knowledge
- Good communication skills and team working skills
- Problem solving and decision making skills
- Ability to meet deadlines within a fast-paced environment
- High attention to detail and good colour vision
- A proactive approach, be flexible and adaptable

About Us

Johnstons of Elgin is an innovative, luxury clothing brand with over 220 years of experience in working with the world's finest fibres. Across three centuries, our family-owned company has carefully sourced cashmere and fine woollen fibres from around the world, applying the latest technology and highest quality craft expertise in our own vertical Scottish mills. Employing over 850 staff, our valued employees and communities are at the heart of everything we do, producing unique, high-quality designs that are made to last. Our brand is focused on sustainability, working with natural, renewable and biodegradable fibres and we are committed to maintaining a minimal environmental footprint.
